

Is your child having difficulty learning to write correctly?

Are you worried about him or her keeping up with writing demands in school?

Occupational Therapy can help!

## The "Write" Stuff

This class is designed for those children who demonstrate frustration with writing tasks. Printed or cursive work may be difficult to form or read. This multi-sensory class will assess challenge areas and determine an effective approach including the Handwriting Without Tears method.

Ages: 5 and up

The program runs 30 minutes, once a week for 5 weeks.

Day and time here

Cost: \$150

**Next Session:** \_\_\_\_\_
